

Chicago Public Schools Login Guide

Using Clever to access your learning applications

How do I log into Clever?

- 1 Go to your portal:
- 2 Enter your credentials:
 - Teacher username:
 - Teacher password:
 - Student username:
 - Student password:

WHAT IS CLEVER?

Clever helps your district's IT office provide applications with all the information they need to set up access for your students quickly and correctly, making it easier to use technology in the classroom. The Clever Portal is our single sign-on solution, allowing users to log into applications with a single set of credentials - letting teachers and students focus on learning, not logging in.

INSTANT LOGIN

Instant Login lets you and your students log into multiple applications with a single username and password, helping you save valuable classroom time.

SECURE SYNC

Secure Sync automatically creates, organizes and archives accounts between your district's student information system (SIS) and your learning applications in real-time.
